DAY FOR LIFE--

This **Sunday 2nd October**, the theme is 'Caring for the Older Person'. The focus of the Day for Life this year is older persons. There are many challenges which we face; the way in which we provide care for older persons, its cost and the means of payment, the shortage of staff in care homes, the time and energy needed to help older people feel valued and wanted. Many feel they have become a burden or can feel treated as a burden, a 'bed-blocker', or a nuisance because they move more slowly, struggle with more physical challenges and live a different rhythm of life. They often feel vulnerable and worry, when they hear talk about and even concrete proposals for the legalisation of assisted suicide and euthanasia. We invite people to think again about the value and worth of older persons in families and in society, and to make practical choices to build bridges between the generations. We call for people and parishes to devote quality time, energy and creativity in caring for the older persons in our communities
